## UNITED NATIONS COMPENSATION COMMISSION PAYS OUT US\$193.7 MILLION

The United Nations Compensation Commission has made available today a total of US\$193,744,502.92 to 16 Governments and one office of international organizations for distribution to 329 successful claimants. Payment is being made in respect of 252 claims in category "D" (claims of individuals for damages above US\$100,000), 67 claims in category "E" (claims of corporations, other private legal entities and public sector enterprises), and 10 claims in category "F" (claims of Governments and international organizations).

Today's payment is being made in accordance with the Governing Council's decision 227 adopted at its fifty-second session (June – July 2004), which extended the temporary payment mechanism set out by the Governing Council in its decision 197, under which up to US\$200 million from the Compensation Fund will be made available for the payment of claims every quarter. In the present round of payment, all newly approved claims, i.e. claims approved for payment at the fifty-fourth session (December 2004), will receive US\$1.8 million or the principal amount of the award, if less. Additional funds will be disbursed to the claimants whose claims were approved from the forty-eighth (June 2003) to the fifty-third (September 2004) sessions, also bringing the total payment to each of them up to a maximum of US\$1.8 million. In order to fully disburse the available funds some of the claims will be paid up to US\$1.9 million, depending on the order in which they have been approved.

The attached table lists the submitting entities receiving funds, and the amounts of money to be made available to each of them.

The present payment brings the overall amount of compensation made available to date by the United Nations Compensation Commission to US\$18,992,214,320.68.

Background

The first phase of payments, which commenced in June 1994, involved an initial payment of US\$2,500 to each successful individual claimant in categories "A" (claims of individuals for departures from Kuwait or Iraq) and "C" (claims of individuals for damages up to US\$100,000), as well as payment of the full amount to all successful individual claimants in category "B" (claims for death or serious personal injury). In the second phase, which commenced in September 1999, payments of up to US\$100,000 were subsequently made available to approved claims in categories "A", "C", "D", "E", and "F" in two rounds comprising payment amounts of up to US\$25,000 and

US\$75,000 respectively. The second phase concluded payment of the full amount to all successful claimants in categories “A” and “C”, with the exception of claimants who have not yet been located and late claims that were accepted for filing by the Governing Council at a later stage. A total of US\$8,397,594,538.70 was made available to 1,503,202 claimants in all categories under the first and second phases of payments.

In the third phase of the payments mechanism, which commenced in October 2000, each successful claimant in categories “D”, “E” and “F” received an initial amount of up to US\$5 million in accordance with decision 100 of the Governing Council of the UNCC. Subsequent rounds of payments of up to US\$10 million were made to successful claimants in these categories of claims in the order in which they have been approved. A total of US\$9,217,580,916.86 has been made available to 7,911 claimants in categories “D”, “E” and “F” under the third phase.

At the forty-eighth session (June 2003), the Governing Council adopted decision 197, establishing a temporary payment mechanism in light of the reduction in the Compensation Fund’s income, following the adoption of Security Council resolution 1483 (2003), which provides in paragraph 21 that the Fund shall receive 5 per cent of all export sales of petroleum, petroleum products, and natural gas from Iraq. Under this temporary payment mechanism, up to US\$200 million from the Compensation Fund was made available for the payment of successful claims on a quarterly basis following each session of the Governing Council (from the forty-eighth to the fifty-first sessions, inclusive). Successful claimants in all categories received an initial amount of US\$100,000 or the unpaid principal amount of the award, if less, with the disbursement of subsequent rounds of payments of US\$100,000 to successful claimants in all categories in the order in which they had been approved at the sessions described above, until the available funds for distribution had been exhausted. As noted above, this temporary mechanism was extended by the Governing Council in its decision 227 at its fifty-second session.

The Governing Council monitors the distribution of payments to claimants by the relevant Governments and international organizations. Governments and international organizations are obligated to distribute funds to successful claimants expeditiously and to report to the Commission on payments made to claimants. Any funds undistributed to claimants by Governments and international organizations within twelve months of receiving payment shall be returned to the Commission. Further payments to Governments and international organizations shall be suspended where they fail to report on the distribution of funds to successful claimants or fail to return undistributed funds on time.

Further information about the Commission can be found on its website located at [www.uncc.ch](http://www.uncc.ch).
