UNITED NATIONS
COMPENSATION COMMISSION
GOVERNING COUNCIL

TWENTY-SEVENTH REPORT OF THE EXECUTIVE SECRETARY PURSUANT TO
ARTICLE 41 OF THE PROVISIONAL RULES FOR CLAIMS PROCEDURE

Introduction

1. The present report identifies, pursuant to article 41 of the United Nations Compensation Commission's (the "Commission") Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the "Rules"), recommended corrections in the various claims categories since the "Twenty-sixth report of the Executive Secretary pursuant to article 41 of the Provisional Rules for Claims Procedure" (S/AC.26/2004/9) (the "Twenty-sixth article 41 report"). Chapter I of this report contains recommended corrections concerning claims in categories "A" and "C", where the panels of Commissioners have concluded their work. Chapter II contains recommended corrections to category "C" Palestinian "late claims", where the Panel of Commissioners continues its work. Chapter III provides information concerning requests by claimants for corrections to approved awards under article 41 of the Rules, including a report of the secretariat's review to determine whether or not these requests warrant action under article 41. Annexes I to III to this report contain tables showing the aggregate corrected awards, by country and by instalment, based on the recommendations contained herein. Annex IV contains tables showing the secretariat's review of requests for corrections to claims in categories "D", "E" and "F" undertaken since the Twenty-sixth article 41 report and annex V contains a cumulative table of article 41 corrections to claim awards up to the fifty-second session of the Governing Council.

I. RECOMMENDED CORRECTIONS CONCERNING CLAIMS IN CATEGORIES "A" AND "C"

A. Category "A" corrections

2. Recommendations for corrections to category "A" claims include the following kinds of corrections: duplicate claims, reinstatement of claims previously identified as duplicates and higher to lower amounts.

1. Duplicate claims

3. The Commission received information from the Government of Sri Lanka that five claims, which it had submitted in category "A", were potentially duplicate claims. Having reviewed these claims, the secretariat confirms that they are, indeed, duplicates. It should be noted that, when notifying the Commission of these duplicate claims, the Government of Sri Lanka returned to the Compensation Fund the full amount of the awards issued for such duplicate claims. The Executive Secretary has concluded that no compensation should have been awarded with regard to the five claims in question confirmed as duplicates.

4. Accordingly, as set forth in table 1 below, it is recommended that the awards for these claims be corrected. Table 1 identifies the country concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 1. Category “A” corrections: duplicate claims

<u>Country</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect (USD)</u>
Sri Lanka	First	1	(2,500.00)
	Fourth	4	(10,000.00)
<u>Total</u>		5	(12,500.00)

2. Reinstatement of claims previously identified as duplicates

5. Three claims from Sri Lanka, which had been erroneously identified as duplicate claims, should be reinstated since additional information received from the Government of Sri Lanka demonstrates that the claims are not in fact duplicates.

6. Accordingly, as set forth in table 2 below, it is recommended that the award for these claims be corrected. Table 2 identifies the country concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 2. Category “A” corrections: reinstatement of claims previously identified as duplicates

<u>Country</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect (USD)</u>
Sri Lanka	Fifth	2	8,000.00
	Sixth	1	4,000.00
<u>Total</u>		3	12,000.00

3. Higher to lower amounts

7. Decision 21 (S/AC.26/Dec.21 (1994)) of the Governing Council states that “any claimant who has selected a higher amount in category ‘A’ (US\$4,000 or US\$8,000) and has also filed a category ‘B’, ‘C’ or ‘D’ claim will be deemed to have selected the corresponding lower amount under category ‘A’”. As a result of further information received from the Governments of the Philippines and Pakistan, seven claims submitted by the Government of the Philippines and one claim submitted by the Government of Pakistan have been identified as having been filed for higher amounts in category “A” by claimants who had also filed claims in category “C”. The awards for these category “A” claims should be reduced to the amounts appropriate to the proper status of the claims. It should be noted that, when notifying the Commission that such claims should have been awarded the lower amounts, the Governments of the Philippines and Pakistan returned to the Compensation Fund the excess amounts previously awarded in respect of such claims.

8. In addition, as a result of checks carried out to identify matching claims, the secretariat found that three claims submitted by the Palestinian Authority under the “late claims” programme matched two

claims previously submitted by the Government of Jordan and one claim submitted by UNDP Yemen that had been filed for higher amounts in category “A”. The awards for these category “A” claims should be reduced to the amounts appropriate to the proper status of the claims. It should be noted that the excess amounts previously awarded in respect of the claims will be deducted from any recommended compensation in respect of the matching Palestinian “late claims”.

9. Accordingly, as set forth in table 3 below, it is recommended that the awards for these claims be corrected. Table 3 identifies the countries and international organization concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 3. Category “A” corrections: higher to lower amounts

<u>Country or international organization</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect (USD)</u>
Jordan	Third	2	(6,000.00)
Pakistan	Sixth	1	(1,500.00)
Philippines	Fourth	2	(3,000.00)
Philippines	Fifth	1	(1,500.00)
Philippines	Sixth	4	(6,000.00)
UNDP Yemen	Sixth	1	(3,000.00)
<u>Total</u>		11	(21,000.00)

4. Summary

10. The recommended corrections related to award amounts in category “A” concern 19 claims submitted by four Governments and one international organization resulting in a net decrease in the total amount awarded of USD 21,500. Of these, the total amount awarded for three claims was increased by USD 12,000, while the total amount awarded for 16 claims was decreased by USD 33,500. The recommendations with respect to the first, third, fourth, fifth and sixth instalments of category “A” claims, by country and by instalment, are provided in tables 1 to 6 of annex I to this report.

B. Category “C” corrections

11. Recommendations for corrections to category “C” claims are those arising from discrepancies between the electronic and paper claim formats, and corrections arising from a computational error that occurred in one of the compensation formulae applied to certain “C8-Business” loss claims’ awards.

1. Corrections arising from discrepancies between the electronic and paper claim formats

12. The secretariat continued to review requests for corrections submitted by Governments within the final deadline of 31 December 2002 that was set by the Governing Council for category “C” claims. For these claims, the electronic information existing in the database was compared to the

paper claim forms submitted by the claimants. This comparison and review determined that, for eight claims submitted by four Governments, relevant data had been erroneously entered into the database. Consequently, as a result of the data entry errors, incorrect recommendations were made in respect of these claims. It is therefore recommended that these eight claim awards be corrected as set forth below (in one case, two corrections are recommended for one claim).

13. Four corrections relate to awards of compensation for personal property losses (“C4-CPHO”). In all four cases, the “C4” losses that had been claimed in the paper claim files had not been entered in their corresponding electronic claims. These errors affected the outcomes for the claimants and it is recommended that these errors be corrected.

14. The five other corrections relate to awards of compensation for loss of income (“C6-Salary”). In three cases, the prior monthly salary data had not been entered in the database. In another case, the total amount claimed for “C6” was incorrectly entered in the database resulting in a lower than appropriate award. In the last case, the data entry was incomplete. These errors affected the outcomes for the claimants and it is, therefore, recommended that these errors be corrected.

15. Summaries of the category “C” Panel’s approved methodologies relevant to losses for which correction is recommended are found in the “Report and recommendations of the Panel of Commissioners concerning the seventh instalment of individual claims for damages up to US\$100,000 (category ‘C’ claims)” (S/AC.26/1999/11) (the “seventh instalment ‘C’ report”), as follows: (a) paragraphs 178 to 199 for “C4-CPHO” personal property losses; and (b) paragraphs 249 to 282 for “C6-Salary” losses.

16. Accordingly, as set forth in table 4 below, it is recommended that the awards for eight claims be corrected. Table 4 identifies the countries concerned, the instalments to be adjusted, the number of claims affected, and the amount of the net effect of the adjustments.

Table 4. Category “C” corrections: corrections arising from discrepancies between electronic and paper claim formats

<u>Country</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect (USD)</u>
Bangladesh	Second	1	3,107.87
	Sixth	3	9,093.56

Syrian Arab Republic	Sixth	1	4,036.91
United States	First	1	9,800.00
	Sixth	1	590.25
<u>Total</u>		8	33,119.94

2. Corrections arising from a computational error that occurred in one of the compensation formulae applied to certain "C8-Business" loss claims' awards

17. During the processing of "late claims" filed by the Palestinian Authority, pursuant to the Governing Council's decision to accept these claims at its forty-second session in December 2001, the secretariat discovered that a computational error had occurred in one of the compensation formulae applied to certain "C8-Business" loss claims submitted by the Governments of India and Bangladesh. The computational error in question was described in a separate information note provided by the secretariat to the Council, dated 11 February 2004. The error occurred in the development of the Panel's valuation benchmark for the retail trade and personal and household services sectors for 503 Indian claims and 127 Bangladeshi claims that were considered by the category "C" Panel in its seventh instalment report. The computational error also affected one additional Indian claim considered by the "C" Panel in its "Report and recommendations of the Panel of Commissioners concerning the sixth instalment of individual claims for damages up to US\$100,000 (category 'C' claims)" (S/AC.26/1998/6).

18. A summary of the category "C" Panel's approved methodology for "C8-Business" losses is found in the seventh instalment "C" report at paragraphs 327 to 368. The computational error at issue affected the calculation of recommended compensation for claims submitted by the Governments of India and Bangladesh asserting "C8-Business" losses in amounts greater than USD 48,148.

19. Of the 631 claims affected by the computational error as described above, proposed corrections in connection with the awards for 592 claims were reported in the "Twenty-fifth report of the Executive Secretary pursuant to article 41 of the Provisional Rules for Claims Procedure" (S/AC.26/2004/4). The corrections were approved by the Governing Council in its decision 217 (S/AC.26/Dec.217 (2004)) taken at the fifty-first Governing Council session in March 2004. At that time, no corrections were proposed for 17 claims because these claimants had related claims for business losses in category "D" from which their awards in category "C" were deducted.

20. The secretariat has now reviewed the 22 remaining claims that had been set aside for further verification of the effect of the proposed correction on related claims. All these claims were submitted by the Government of India and were considered by the category "C" Panel in its seventh instalment report.

21. Of these 22 claims, 10 claims had potentially overlapping claims for business losses in category "D" and 12 claims had related or potentially overlapping claims for business losses in category "E4".

22. A correction is proposed for nine of the 10 category "C" claims, as the corresponding category "D" claims were determined to be non-competing. Each of these claimants will receive an additional amount of USD 1,457.04. No correction is proposed for one claim (overlapping claim).

23. A correction is proposed for eight of the 12 category "C" claims, as the category "E4" claims were determined to be non-competing. Seven claimants will receive an additional amount of USD 1,457.04, and one claimant will receive an additional amount of USD 153.35. No corrections are proposed for two claims because these claimants had related claims for business losses in category

“E4” from which their awards in category “C” were deducted. Accordingly, these claimants would not receive any additional compensation as a result of the correction because the increase in their “C” awards would entail a corresponding decrease in their “E4” awards. Finally, no corrections are proposed for two claims because these claims concern business losses for which category “E4” claimants had also filed claims (overlapping claims).

24. Accordingly, as set forth in table 5 below, it is recommended that the awards for 17 claims be corrected. Table 5 identifies the country concerned, the instalment to be adjusted, the number of claims affected, and the amount of the net effect of the adjustments.

Table 5. Category “C” corrections arising from a computational error that occurred in one of the compensation formulae applied to certain “C8-Business” loss claims’ awards

<u>Country</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect (USD)</u>
India	Seventh	17	23,465.99
<u>Total</u>		17	23,465.99

3. Summary

25. The recommended corrections related to award amounts in category “C” concern 25 claims submitted by five Governments resulting in a net increase of the total amount awarded of USD 56,585.93. The recommendations with respect to the first, second, sixth and seventh instalments of category “C” claims, by country and by instalment, are provided in tables 1 to 5 of annex II to this report.

II. RECOMMENDED CORRECTIONS CONCERNING CATEGORY “C” PALESTINIAN LATE CLAIMS

26. Recommendations for corrections to six category “C” Palestinian late claims have arisen from clerical errors, as reported in the following paragraphs.

27. One correction relates to two category “C” claims filed by the same claimant. The claims were included in the “Report and recommendations made by the Panel of Commissioners concerning the first instalment of Palestinian ‘late claims’ for damages up to USD 100,000 (Category “C” Claims)” (S/AC.26/2003/26) (the “First Palestinian late claims report”). In that report, the claims were reported as not having satisfied the threshold eligibility requirement. However, as a result of a clerical error by the secretariat, the Panel was not provided with information in the claim file relevant to the Panel’s determination of eligibility.

28. Having been advised of the clerical error, the Panel concluded that the claims should proceed to substantive processing. However, given that the claims are duplicate claims, only one of the category “C” claims was selected as a valid claim. In accordance with the Panel’s instructions, the valid

category “C” claim was processed using the established methodology. As a result, the claimant is entitled to receive a compensation award in the amount of USD 21,624.

29. In the First Palestinian late claims report, the Panel recommended compensation for another category “C” claim. However, as a result of a clerical error, the secretariat failed to inform the Panel that the “C8-Business” loss of this claim had been identified as a stand-alone claim.

30. Having been informed of the clerical error, the Panel concluded that the “C8-Business” loss should be severed from the claim and processed as a stand-alone claim in accordance with Governing Council decision 123 (S/AC.26/Dec.123 (2001)). In accordance with the Panel’s instructions, the severed loss has been forwarded to the category “E4” Panel for processing. Consequently, a correction resulting in a deduction in the amount of USD 41,114.58 should be made to the category “C” claim and payment of the same amount has been suspended by the Palestinian Authority pending the processing of the stand-alone claim. Further information on the outcome of the stand-alone claim will be provided in a future article 41 report.

31. A further correction relates to another category “C” claim that was included in the “Report and recommendations made by the Panel of Commissioners concerning the second instalment of Palestinian ‘late claims’ for damages up to USD 100,000 (Category “C” Claims)” (S/AC.26/2004/3) (the “Second Palestinian late claims report”). In that report, the claim was reported as not having met the threshold eligibility requirement. However, as a result of a clerical error, the secretariat applied to the claim the facts of another claim pertaining to a Lebanese travel document holder. This resulted in the claim being erroneously determined to be ineligible.

32. Having been informed of the clerical error, the Panel concluded that the claim should proceed to substantive processing. In accordance with the Panel’s instructions, the claim was processed using the established methodology. As a result, the claimant is entitled to receive a compensation award in the amount of USD 9,688.58.

33. A further correction relates to three category “C” claims that were included in the Second Palestinian late claims report. In that report, the claims were reported as having met the threshold eligibility requirement. However, as a result of a clerical error, the secretariat failed to record that these claimants appeared in the ledger kept by UNDP Kuwait during the regular filing period of individuals who were provided claim forms. The names of these individuals were therefore overlooked.

34. Having been informed of the clerical error, the Panel concluded that the claims should be determined to be ineligible. Consequently, a correction resulting in a deduction in the total amount of USD 51,219.21 should be made in respect of these three claims. The Palestinian Authority has withheld payment of this amount and is in the process of returning it to the Compensation Fund.

35. Accordingly, as set forth in table 6 below, it is recommended that the awards for six claims be corrected. Table 6 identifies the submitting entity concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 6. Corrections to category “C” Palestinian late claims’ awards

<u>Submitting entity</u>	<u>Instalment</u>	<u>Number of claims affected</u>	<u>Amount of net effect USD</u>
Palestinian Authority	First	2	(19,490.58)
	Second	4	(41,530.63)
<u>Total</u>		6	(61,021.21)

36. In summary, the recommended corrections related to award amounts in category “C” Palestinian late claims concern six claims submitted by one submitting entity resulting in a net decrease of the total amount awarded of USD 61,021.21. The recommendations with respect to the first and the second instalments of category “C” Palestinian late claims, by country and by instalment, are provided in tables 1 to 2 of annex III to this report.

III. REQUESTS BY CLAIMANTS FOR ARTICLE 41 CORRECTIONS

37. During the period under review, the secretariat has continued its review of requests from Governments and international organizations for corrections to claims in categories “D”, “E” and “F”, submitted under article 41 of the Rules. The requests and the Executive Secretary’s conclusions with respect to those requests are outlined below.

A. Category “D” claims

38. During the period under review, the secretariat reviewed a total of 239 requests from 10 Governments and one international organization for corrections to claims in category “D”. The requests and their submitting entities are set forth in table 1 of annex IV to this report. Having carefully reviewed all aspects of the requests, the Executive Secretary has concluded that no correction of the relevant Governing Council decisions is necessary and that no action pursuant to article 41 of the Rules is warranted with regard to the claims in question.

B. Category “E” claims

39. During the period under review, the secretariat reviewed a total of 38 requests from 13 Governments for corrections to claims in category “E”. The requests and their submitting entities are set forth in table 2 of annex IV to this report. Having carefully reviewed all aspects of the requests, the Executive Secretary has concluded that no correction of the relevant Governing Council decisions is necessary and that no action pursuant to article 41 of the Rules is warranted with regard to the claims in question.

C. Category “F” claims

40. During the period under review, the secretariat reviewed a total of six requests from four Governments for corrections to claims in category “F”. The requests and their submitting entities are set forth in table 3 of annex IV to this report. Having carefully reviewed all aspects of the requests,

the Executive Secretary has concluded that no correction of the relevant Governing Council decisions is necessary and that no action pursuant to article 41 of the Rules is warranted with regard to the claims in question.

41. In addition, during the period under review, the secretariat has received six requests for article 41 corrections with respect to claims in categories “D”, “E”, and “F” from the Governments of Egypt, India, Italy, Jordan and the United Kingdom. The responses of the Executive Secretary to these requests have not yet been conveyed to the claimant countries due to the fact that the secretariat’s review of the specific claims in question, and, where appropriate, consultations with the respective panels of Commissioners remain ongoing. Details concerning these requests, and the Executive Secretary’s recommendations to the Governing Council with respect thereto will be contained in upcoming article 41 reports to the Governing Council.

Annex I

RECOMMENDED CORRECTIONS CONCERNING CATEGORY "A" CLAIMS

1. Based on the recommended corrections reported in paragraphs 2 to 10 of this report, supra, the category "A" claims aggregate corrected awards by instalment, per country or international organization, are as follows:
