UNITED NATIONS
COMPENSATION COMMISSION
GOVERNING COUNCIL

THIRTY-FOURTH REPORT OF THE EXECUTIVE SECRETARY PURSUANT TO
ARTICLE 41 OF THE PROVISIONAL RULES FOR CLAIMS PROCEDURE

Introduction

1. The present report identifies, pursuant to article 41 of the United Nations Compensation Commission's (the Commission) Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the Rules), recommended corrections in the various claims categories since the "Thirty-third report of the Executive Secretary pursuant to article 41 of the Provisional Rules for Claims Procedure" (S/AC.26/2005/13) (the thirty-third article 41 report). Chapter I of the present report contains recommended corrections concerning claims in categories A and C. Chapter II provides information concerning requests by claimants for corrections under article 41 of the Rules to approved awards in category D, including a report of the secretariat's review to determine whether or not these requests warrant action under article 41. Annexes I and II to the present report contain tables showing the aggregate corrected awards, by country and by instalment, based on the recommendations contained herein. Annex III contains tables showing the secretariat's review of requests for corrections to claims in category D undertaken since the thirty-third article 41 report. Annex IV contains a cumulative table of article 41 corrections to claim awards up to the fifty-ninth session of the Governing Council.

I. RECOMMENDED CORRECTIONS CONCERNING CLAIMS IN CATEGORIES A AND C

A. Category A corrections

2. The large number of corrections presented in the present report arise from the Governing Council direction to the secretariat at its fifty-ninth session held from 7 to 9 March 2006 to prepare article 41 corrections with respect to claims identified through "fuzzy" searches and manual follow-up as having confirmed overpayments (with the exception of family member matches, which the Council will consider at a later session). In making these corrections, the secretariat applied its final proposed guidelines for match confirmation procedures and for determining and allocating overpayments as further directed by the Governing Council at its last session.

3. Recommendations for corrections to category A claims included in this section comprise the following kinds of corrections: duplicate claims, higher to lower amounts and family to individual.

1. Duplicate claims

4. As a result of "fuzzy" searches and manual follow-up, as well as responses by Governments or other submitting entities, the secretariat confirms that 1,315 claims submitted by the Governments of Bangladesh, China, Egypt, India, the Islamic Republic of Iran, Jordan, Morocco, Pakistan, the Philippines, Sri Lanka, Sudan, the Syrian Arab Republic, Tunisia, Turkey, Viet Nam and Yemen are, in fact, duplicates and should not have been awarded compensation.

5. Accordingly, as set forth in table 1 below, it is recommended that the awards for these claims be corrected. Table 1 identifies the countries concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

2. Higher to lower amounts

6. Decision 21 (S/AC.26/Dec.21 (1994)) of the Governing Council states that “any claimant who has selected a higher amount in category A (US\$4,000 or US\$8,000) and has also filed a category B, C or D claim will be deemed to have selected the corresponding lower amount under category A.” As a result of “fuzzy” searches and manual follow-up, as well as responses by Governments or other submitting entities, the secretariat confirms that 1,384 claims submitted by the Governments of Bangladesh, Egypt, India, the Islamic Republic of Iran, Ireland, Jordan, Lebanon, Morocco, Pakistan, the Philippines, Senegal, Sri Lanka, Sudan, the Syrian Arab Republic, Tunisia, Turkey, Ukraine, the United States of America and Yemen were filed for a higher amount in category A by claimants who had also filed claims in another claim category. Therefore, the awards for these category A claims should be reduced to the amounts appropriate to the proper status of the claims.

7. Accordingly, as set forth in table 2 below, it is recommended that the awards for these claims be corrected. Table 2 identifies the country concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

^a Special report and recommendations by category D panel on 636 Pakistani claims (S/AC.26/1999/8).

3. Family to individual

8. As a result of the “fuzzy” searches and manual follow-up, the secretariat detected seven claims filed by India, that were awarded as family claims when they should have been awarded as individual claims. The awards for these claims should be corrected to awards appropriate to the proper status of the claims.

9. Accordingly, as set forth in table 3 below, it is recommended that the awards to these claims be corrected. Table 3 identifies the Governments concerned, the instalments to be adjusted, the number of claims to be corrected, and the net effect of the adjustment on each instalment.

	Fifth	3	(12,000.00)
	Sixth	1	(4,000.00)
Total		7	(26,500.00)

4. Summary

10. The recommended corrections related to award amounts in category A concern 2,706 claims submitted by 21 Governments resulting in a net decrease in the total amount awarded of \$8,139,000. The recommendations with respect to the first, second, third, fourth, fifth and sixth instalments of regular category A claims and the special report and recommendations on 636 Pakistani category A claims, by country and by instalment, are provided in tables 1 to 8 of annex I to the present report.

B. Category C corrections

11. Recommendations for corrections to category C claims arise from clerical errors made by the secretariat in the processing of claims and other corrections.

1. Data entry errors

12. Following an inquiry from the Palestinian Authority, the secretariat reviewed a claim that was included in the "Report and recommendations made by the panel of Commissioners concerning the second instalment of Palestinian late claims for damages up to US\$100,000 (category C claims)" (S/AC.26/2004/3), which recommendations were approved by the Governing Council in decision 216 (S/AC.26/Dec.216 (2004)).

13. As a result of its review, the secretariat noted that a clerical error was made in the processing of the claim that warrants correction under article 41 of the Rules. Specifically, at the time of data entry, the secretariat had incorrectly recategorised the "relocation expenses" claimed by the claimant under C1 (money) losses in the amount of \$25,200 into C4 (other) losses.

14. As a result of this clerical error, the panel had recommended \$12,788.93 for the C4 (other) losses. However, in accordance with the panel's established methodology the C1 "relocation expenses" claimed by the claimant should not have been recategorised. Moreover, due account should have been taken of the fact that the claimant had departed from Kuwait on 4 October 1992, which is outside the jurisdictional period for compensation of 2 August 1990 to 2 March 1991. Claimed losses due to departure from Iraq or Kuwait outside the jurisdictional period are not compensable. The

secretariat reviewed the file and concluded that, applying the correct methodology established by the panel, the claimant is not entitled to receive any compensation award for his C1 (money) losses.

15. During the review undertaken on certain category C claims in the course of the exercise to identify duplicates and other claims raising potential overpayment issues, the secretariat reviewed twenty-seven claims filed through the Government of Sri Lanka. Twenty-five of these claims were included in the “Report and recommendations of the panel of Commissioners concerning the sixth instalment of individual claims for damages up to US\$100,000 (category C claims)” (S/AC.26/1998/6), which recommendations were approved by the Governing Council in decision 52 (S/AC.26/Dec.52 (1998)), and two claims were included in the “Report and recommendations of the panel of Commissioners concerning the seventh instalment of individual claims for damages up to US\$100,000 (category C claims)” (S/AC.26/1999/11), which recommendations were approved by the Governing Council in decision 70 (S/AC.26/Dec.70 (1999)).

16. As a result of its review, the secretariat noted that clerical errors were made in the processing of the claims that may warrant correction under article 41 of the Rules, should the Council so decide. Specifically, at the time of data entry, the secretariat failed to enter in the UNCC database the C6 (salary) losses amounts claimed by 17 claimants, the C4 (personal property) losses amounts claimed by 23 claimants and the C1 (MPA) loss amount claimed by 1 claimant.

17. As a result of these clerical errors, the panel had recommended no compensation for the above claimants’ losses. However, the claim forms filed by the claimants and the evidence in the claim files confirm the existence of the losses. The secretariat reviewed the files and concluded that, applying the panel’s established methodology, the claimants would be entitled to receive a compensation award in the amount of \$76,665.07 for their losses, subject to the Council’s approval.

18. Accordingly, as set forth in table 4 below, it is recommended that the awards for these claims be corrected. Table 4 identifies the countries or submitting entity concerned, the instalments to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 4. Category C corrections arising from data entry errors

<i>Country or other submitting entity</i>	<i>Instalment</i>	<i>Number of claims affected</i>	<i>Amount of net effect (US\$)</i>
Palestine	Second Palestinian late claims	1	(12,788.93)
Sri Lanka	Sixth	25	68,620.09
	Seventh	2	8,044.98
Total		28	63,876.14

2. Other corrections

19. The Commission received information from the Government of India that one category A claim that it had submitted was filed by a claimant who had also filed a claim in category C with a “departure loss” component. The category C claim was included in the “Report and recommendations of the panel of Commissioners concerning the seventh instalment of individual claims for damages up to US\$100,000 (category C claims)” (S/AC.26/1999/11), approved by the Governing Council in decision 70 (S/AC.26/Dec.70 (1999)).

20. Following a review of these claims, the secretariat confirms that the category A and the category C claims were filed by the same claimant. Pursuant to Governing Council decision 24, the claimant should not have been awarded compensation for departure loss in category C. It should be noted that the Government of India returned to the Compensation Fund that portion of the award for the category C claim relating to departure loss.

21. Accordingly, as set forth in table 5 below, it is recommended that the award for this claim be corrected. Table 5 identifies the country concerned, the instalment to be adjusted, the number of claims affected, and the net effect of the adjustments.

Table 5. Category C corrections: other corrections

<i>Country</i>	<i>Instalment</i>	<i>Number of claims affected</i>	<i>Amount of net effect (US\$)</i>
India	Seventh	1	(1,175.45)
Total		1	(1,175.45)

22. In summary, the recommended corrections in category C concern 29 claims submitted by three Governments resulting in a net increase of the total amount awarded of \$62,700.69. Of these, the total amount awarded for 27 claims was increased by \$76,665.07 and the total amount awarded for two claims was reduced by \$13,964.38. The recommendations with respect to the sixth and seventh instalments of regular category C claims and the second instalment of category C Palestinian late claims, by country or submitting entity and by instalment, are provided in tables 1 to 4 of annex II to the present report.

II. REQUESTS BY CLAIMANTS FOR ARTICLE 41 CORRECTIONS

23. During the period under review, the secretariat continued its review of requests from Governments for corrections to claims in category D, submitted under article 41 of the Rules. The requests and the Executive Secretary’s conclusions with respect to those requests are outlined below.

A. Category D claims

24. During the period under review, the secretariat reviewed a total of 51 requests from the Palestinian Authority for corrections to claims in category D. The requests and the submitting entity are set forth in the table of annex III to the present report. Having carefully reviewed all aspects of the requests, the Executive Secretary has concluded that no correction of the relevant Governing Council decisions is necessary and that no action pursuant to article 41 of the Rules is warranted with regard to the claims in question.

B. Pending requests for correction

25. During the period under review, the secretariat did not receive any further requests for article 41 corrections. The secretariat sent response letters to the Palestinian Authority with respect to the 51 requests reported in paragraph 24 above. The secretariat's review of one request from the Palestinian Authority and one request from the Government of Jordan, timely filed prior to the period under review, remains ongoing. Details concerning these requests, and the Executive Secretary's recommendations to the Governing Council with respect thereto will be contained in upcoming article 41 reports to the Governing Council.
